

IN THE ABSTRACT:

Replace the abstract originally provided on the cover sheet of the PCT application with the new abstract as follows: A new abstract numbered page 32 is enclosed for the last page of the application following the claims.

ABSTRACT OF THE DISCLOSURE

A modular apparatus for data communication between a distribution network and a residential network is disclosed. The apparatus has a first device adapted to interface a distribution network, at least one second device adapted to interface a residential network and to be mechanically and electrically connected to the first device, and at least one interconnecting lock adapted to keep the first device and the at least one second device firmly secured to each other and to activate electrical supply between the first device and the at least one second device.
